

2.1 Engaged and Committed Leadership

Leading the Transformation: Vision and Path

Video link

<https://vimeo.com/199894853>

Discussion Prompts

!! Come up, individually, with one concrete action item per question, of something you could “do tomorrow” that would clarify the vision, describe the path, connect yourself to the vision...

1. Is the vision for transformation clear to others in my practice?
2. Have I described a clear path toward successful transformation for staff?
3. How can my leadership be visible during the challenges and successes of transformation?
